2. On "My Page", click on "Mining"
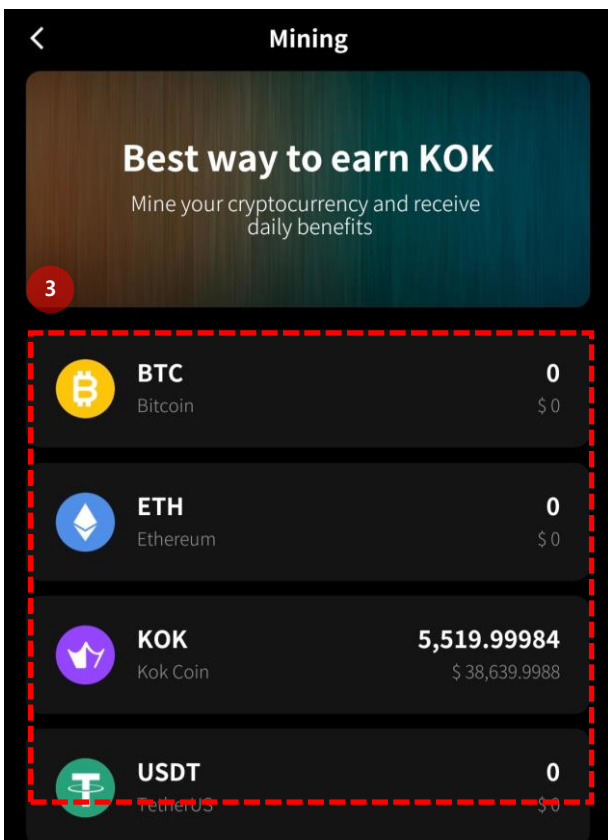

3. Select the cryptocurrency to deposit for mining

KOK PLAY APP User Manual

Mining

Note when mining

1. The mining service allows users to mine in KOK through staking cryptocurrency.
2. Mining rewards can fluctuate depending on KOK's circulating supply, price, platform growth, and other external factors. Other mining policies that need to be updated will be announced accordingly before the actual change goes into effect.
3. Mined KOK will be paid out after completion of settlement on the following day.
4. In case mining is terminated, the initial crypto amount staked will be returned to KOK regardless of its type.

4.57 KOK

Pass Purchase Precautions 2

· This package is supported in Korean.
· Passes can be purchased overseas but there may be restrictions on the use of content in languages other than Korean.
· All passes are only valid for the specified 30-day period, and are not renewed automatically.
· If you wish to continue using the service after the expiration date, you may repurchase it through the pass purchase page.
· Use guidelines for the 50 webtoon tickets included in the standard pass: Some martial arts/action comics are organized in multiple volume units, so the pass is deducted 3 times per 1 volume. For other webtoons, 1 time is deducted when reading 1 volume.
· The 50 webtoon tickets included in the standard pass can be used only within the period. Remaining passes will expire and not carry over.
· Depending on the copyright holder's requests and the contract details, some contents may be suspended before the pass expiration date.

Purchase pass 3   **1.71 KOK**
Valid for 30 days   Mileage 1,200
